LEVEL 4 Diploma in Computing

L4DC

***Equivalent to the First Year
of bachelor Degree in the UK***

Through a thoughtfully designed curriculum, students will cultivate essential study and analytical skills—not only within the computing field but also in a broader business context. The program blends academic theory with vocational insight, preparing learners for real-world challenges.

Upon successful completion, learners can progress to the NCC Education Level 5 Diploma in Computing (L5DC), equivalent to the second year of a UK Bachelor's degree—or choose to transfer to a university or begin a career in the dynamic IT industry.
